Charkhari (C.I.)

The 27th November,'37

Dear Sir,

This is in continuation of my letter dated the 21st April 1937,which was acknowledged by you on the 12th May 1937(C:No.345).Eversince then the matter has been held up owing to the more or less continuous absence of His Highness from the State for reasons of health as also owing to certain political developments which caused a considerable change in the personnel of the State administrative machinery.Major Pande the then Political Minister is no more in service now;and this is why I am now taking up the thread where he left it.

The question of the sending of the horoscope was referred by me to His Highness and I am glad to say that, inspite of the delicacy involved in the matter,His Highness has been pleased to permit the sending of the horoscope with one of our own Sardars accompanied by a Pandit and astrologer who would be expected to help in the comparison of the two horoscopes and to satisfy himself and your Pandits on the technical points that may arise.This would be in consonance with the public conscience of this part of the country.I trust this arrangement would be found

to be suitable and satisfactory.

I understand that His Highness Shri Yuvaraj Sahab has not yet returned from abroad and I shall be grateful if you will kindly let me know when he is expected to be back in Mysore.As the matter might have to await his arrival,I shall look forward to your reply before arranging the programme for the sending of the horoscope.

With best wishes,

Yours truly

N. C. Sivan
